

Waste & Recycling Education 2024

Early Years

*Sustainability education for
positive behaviour change*

Incursions

KESAB offers sessions suitable for preschool-aged children, staff and families. We can help you to:

- Introduce your students to concepts of waste and re-use
- Support your staff in good waste management practice at your site
- Engage your families with targeted sessions focused on reducing lunchbox waste

Conscious Cooking

Practical demonstrations for simple, economical and family-friendly nude food lunchbox items.

Includes tasters and may allow for participation (site dependent).

Approx 90 mins, max 25 participants

Suitable for families

First session \$800+GST

Consecutive sessions \$400+GST

Access to a teaching space that has a demonstration table and space for audience seating. Access to power points and hand washing.

Recycle Rhythms

This activity walks children through the journey of the kerbside bins via visual Big Books and an interactive bin game.

Using rhymes to help them remember, children place materials into coloured bins, tailored to your site.

For best results, we recommend working with a half class at a time.

**Approx 30 mins x 2 (half class)
or 45 mins (whole class)**

Suitable for children ages 3+

First session \$265+GST

Consecutive sessions \$105+GST

Composting OR Worm Farms

Our compost and garden expert can visit your site to demonstrate how to establish and maintain a healthy compost or worm farm.

A great session for outdoor learning environments, this workshop can also be run as an indoor presentation.

Our expert can advise on compost or worm farm systems best suited to your site.

Approx 60 mins

Suitable for staff and students

First session \$340+GST

Consecutive sessions \$160+GST

Site Support Options

Bin Usage and Systems

KESAB can provide a site-specific bin assessment which will provide baseline information and recommendations to improve resource recovery.

Approx 60 minutes

From \$450+GST, dependent on site.

'Which Bin' for Preschools

Staff professional development

Which bin is best and where does it all go?

Learn about the what, how and why of waste and recycling through an engaging and informative presentation to staff.

Approx 60 minutes

First session \$350+GST

Consecutive sessions \$150+GST

Resources

Big Books Series – The Journey of My Bins

This series of books outlines what happens to the bin materials collected from home or your site. Each book covers a bin – waste, recycling, green organics and the Journey of My Bins
